STATE ELECTIONS.

Elections were held this month in Georgia and Florida on the 2d; Pennsylvania and Ohio on the 10th; Maryland on the 4th, and South Carolina on the 9th. We give below all the returns received up to the latest hour. There are no more States to vote before the

Presidential election. Georgia.-In this State the elections were for members of Congress. We have not yet received the official vote. The following telegraphic dispatch from the office of the Augusta Constitutionalist, is the latest and most reliable information received :-

Augusta, Ga., October 9, 1848. Result of the Election .- Four democrats and four whigs elected to Congress. the democrats; it will be not short of 1,500 majority. In November it will be at least 3,-

000 for CASS and BUTLER. From Florida but partial returns are received-not sufficient to indicate the vote of that

The following are the names of the Representatives elected to the next Congress from Georgia. Democrats-Cobb, Harralson, Hack-Toombs, and Owen.

MARYLAND .- In this State the elections eyes. were of a local nature merely, and cannot be considered as a test of party strength. The Democratic candidate for Sheriff, in the county and city of Baltimore, was elected by a handsome majority. There was another election to come off in Baltimore on the 11th, for Mayor and both branches of the City Council. The Sun of the 10th, says that " both parties have their favorite candidates in the field for the contest," and that "there is every reason to expect that there will be a general attendance at the polls." This election will have a tendency to enable us to form some idea how Baltimore will vote in the Presidential contest on the 7th November. OHIO AND PENNSYLVANIA. - We have re-

ocived no returns whatever from either of these two States. They both voted on the 10th instant, for Governor and members of Gongress, and State Legislature.

FLORIDA.—We have not as yet received acertain accounts from this State. The federal organs are loud in assuring their readers that they (the Jeds) have carried the State by a large majority, and therefore claim it for Taylor and Fillmore. The Washington Union of the 10th, after giving all the returns received up to the time that paper went to press, winds up a short article on the subject in the following words:

"The information received authorizes the assurance that the legislature (whig last year) is now democratic by from 5 to 11 majority, and that Gen. Sayley, the democratic candi- months standing. date for governor, is elected by at least 400 majority. It may be that Mr. Cabell, owing didates for Congress and Governor, Cass and who refuse to support Gen. Taylor." Butler will carry the State. At the election in 1846 Mr. Cabell beat Kain 96 only in the 1,500 majority for Cass and Butler"

SOUTH CAROLINA.—The election in the well attended. The Charleston Mercury, in will be given to the whole frame. speaking of the matter, says:

style, and we have good reason to know that gents only. their relative strength as compared with the will be still greater to-day. We congratulate and planters at the Philadelphia prices. graceful isolation which seemed for a time to York, and 198 Tremont st., Boston. be impending."

Tricks of the Election .- The article in the dential election, is so palpably and glaringly | Esq. Most of the Parishes and Districts set down as of Onslow county. poubtful, have not a single Taylor candidate in the field; and in those which are represented as likely to go for Taylor, the same may be said of several, and in most of the others the Cass candidates, it is well known, will be returned. We have neither time nor inclination to expose the article further, than to state Mr. John Henry, formerly of New Hanover co., that it could scarcely be unknown to the wri- N. C., but more recently of Mississippi and New ced still higher. ter that the Hon. John S. Ashe, the only vo- Orleans. ter vet ascertained from Charleston, has in the public prints, only a few days since, declared that his vote would not be cast for Gen. Taylor. We will end with a prediction, and beg that er that is not beyond the mark.

Mercury, 10th inst. For the Journal. MR. EDITOR-The Georgia and South Carolina elections have so strongly put the seal of condemnation upon the unholy alliance of ter Taylor and Fillmore -- have manifested so strongly the determination of the South to put no one in the chair of the Vice Presidency who might not be fully and implicitly relied on in case of need-that our Federal opponents begin to see the decree of their fateyea, it is already written in bold letters upon & Russell. no trick or device will be left untried to deceive and gull the people on the election day, set. Brown & Co. One of these tricks will be to drop the name of Fillmore off their ticket, and have it only pledged to Taylor. This same party practised a similar fraud in the year 1836. Let the Bryant & Co. Democrats take warning and be on their guard. If the Federal party are strong in North Carolina, they are not strong enough to make our patriotic republican voters sustain a man for the second office in the nation, who has never shown himself otherwise than our bitterest enemy. All his letters, speeches, and votes, sell. condemn him as our worst foe. In looking sell. over the Congressional proceedings for and Davis. during the time he was in Congress, our unindicating a good feeling for the South. His Note on the Atherton and the Wise resolutions, and the very many obnoxious petitions Latta. which he introduced, all condemn him as an these votes, there is another recorded against Brown.

They are ever the friends of the counfication at the hands of his Southern support ers. It is this :- On the 21st of January in the year 1842, Mr. Adams presented a petition to change out naturalization laws, so as to allow foreign negroes, of whatever nation they might come from, to be citizens of our country, and hold property, and possess and exercise all the rights and privileges of the citizens of the several States. Our Southern Representatives opposed the alteration as destructive of the policy of the Southern States, and as leading to incalculable mischief. Mr. Fillmore, true to his Abolition instinct, voted against the South, and with Mr. Adams. This step is, of itself, so pregnant with proof-irresistible, convincing proof-that Mr. Fill more is linked with that Northern fanatical faction which has all along sought our destruction, that it is a matter of the profoundest surprise how Southern politicians can command boldness enough to ask us to support him .-The popular vote will show an increase for But Democracy is to be overthrown, and the ways and means of doing it are perfectly un-LIMESTONE. exceptionable.
